R&R Acquisition VI, Inc.  
(A Development Stage Company)  
NOTES TO CONDENSED FINANCIAL STATEMENTS  
March 31, 2007  
(unaudited)

**NOTE 1 - Organization, Business and Operations**

R&R Acquisition VI, Inc. (the "Company") was incorporated in Delaware with the objective to acquire, or merge with, an operating business. As of March 31, 2007, the Company had not conducted any active operations.

The Company, based on proposed business activities, is a "blank check" company. The Securities and Exchange Commission defines such a Company as "a development stage company" that has no specific business plan or purpose, or has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies, or other entity or person; and has issued 'penny stock,' as defined in Rule 3a 51-1 under the Securities Exchange Act of 1934, as amended. Many states have enacted statutes, rules and regulations limiting the sale of securities of "blank check" companies in their respective jurisdictions. Management does not intend to undertake any efforts to cause a market to develop in its securities, either debt or equity, until the Company concludes a business combination.

The Company was organized as a vehicle to investigate and, if such investigation warrants, acquire a target company or business seeking the perceived advantages of being a publicly held corporation and, to a lesser extent that desires to employ the Company's funds in its business. The Company's principal business objective for the next 12 months and beyond such time will be to achieve long-term growth potential through a combination with an operating business. The Company will not restrict its potential candidate target companies to any specific business, industry or geographical location and, thus, may acquire any type of business. The analysis of new business opportunities will be undertaken by or under the supervision of the officers and directors of the Company.

**NOTE 2 - Basis of Presentation**

The condensed financial statements have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations. In the opinion of management, the accompanying condensed financial statements include all adjustments (consisting of normal, recurring adjustments) necessary to make the Company's financial position, results of operations and cash flows not misleading as of March 31, 2007. The results of operations for the nine months ended March 31, 2007, are not necessarily indicative of the results of operations for the full year or any other interim period. These financial statements should be read in conjunction with the audited financial statements and notes thereto included in the Company's Report on Form 10-SB with the effective date of September 8, 2006.

**NOTE 3 - Summary of Significant Accounting Policies**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

R&R Acquisition VI, Inc.  
(A Development Stage Company)  
NOTES TO CONDENSED FINANCIAL STATEMENTS  
March 31, 2007  
(unaudited)

**NOTE 4 - Income Taxes**

Income taxes are accounted for in accordance with SFAS No. 109, Accounting for Income Taxes. SFAS No. 109 requires the recognition of deferred tax assets and liabilities to reflect the future tax consequences of events that have been recognized in the Company's financial statements or tax returns. Measurement of the deferred items is based on enacted tax laws. In the event the future consequences of differences between financial reporting bases and tax bases of the Company's assets and liabilities result in a deferred tax asset, SFAS No. 109 requires an evaluation of the probability of being able to realize the future benefits indicated by such assets. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some or the entire deferred tax asset will not be realized.

At March 31, 2007, the Company has a net operating loss carry forward of approximately \$39,700 which will expire in 2026. Based on the fact that the Company has not generated revenues since inception, the deferred tax asset of approximately \$15,800 has been offset by a full valuation allowance.

	<b>Period From June 2, 2006 (inception) to March 31, 2007</b>
Statutory federal tax rate	34%
Tax benefit computed at statutory rate	\$ (13,500)
State income tax benefit, net of federal effect	(2,300)
Change in valuation allowance	15,000
Other temporary differences	800
Total	<u>\$ -</u>

(unaudited)

**NOTE 5 - New Accounting Pronouncements**

FASB 157 - Fair Value Measurements

In September 2006, the FASB issued FASB Statement No. 157. This Statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. This Statement applies under other accounting pronouncements that require or permit fair value measurements, the Board having previously concluded in those accounting pronouncements that fair value is a relevant measurement attribute. Accordingly, this Statement does not require any new fair value measurements. However, for some entities, the application of this Statement will change current practices. This Statement is effective for financial statements for fiscal years beginning after November 15, 2007. Earlier application is permitted provided that the reporting entity has not yet issued financial statements for that fiscal year. Management believes this Statement will have no impact on the financial statements of the Company once adopted.

In September 2006, the SEC issued Staff Accounting Bulletin No. 108, Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements ("SAB 108"). SAB 108 requires companies to evaluate the materiality of identified unadjusted errors on each financial statement and related financial statement disclosure using both the rollover approach and the iron curtain approach, as those terms are defined in SAB 108. The rollover approach quantifies misstatements based on the amount of the error in the current year financial statement, whereas the iron curtain approach quantifies misstatements based on the effects of correcting the misstatement existing in the balance sheet at the end of the current year, irrespective of the misstatement's year(s) of origin. Financial statements would require adjustment when either approach results in quantifying a misstatement that is material. Correcting prior year financial statements for immaterial errors would not require previously filed reports to be amended. If a Company determines that an adjustment to prior year financial statements is required upon adoption of SAB 108 and does not elect to restate its previous financial statements, then it must recognize the cumulative effect of applying SAB 108 in fiscal 2006 beginning balances of the affected assets and liabilities with a corresponding adjustment to the fiscal 2006 opening balance in retained earnings. SAB 108 is effective for interim periods of the first fiscal year ending after November 15, 2006. The adoption of SAB 108 did not have an impact on the Company's consolidated financial statements.

Other accounting standards that have been issued or proposed by the FASB or other standards-setting bodies that do not require adoption until a future date are not expected to have a material impact on the consolidated financial statements upon adoption.

## Item 2. Management's Discussion and Analysis or Plan of Operation

Throughout this Periodic Report on Form 10-QSB, the terms "we," "us," "our" and "our company" refers to R&R Acquisition VI, Inc.

### Introductory Comment - Forward-Looking Statements

Statements contained in this report include "forward-looking statements" within the meaning of such term in Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Forward-looking statements involve known and unknown risks, uncertainties and other factors, which could cause actual financial or operating results, performances or achievements expressed or implied by such forward-looking statements not to occur or be realized. Such forward-looking statements generally are based on our best estimates of future results, performances or achievements, predicated upon current conditions and the most recent results of the companies involved and their respective industries. Forward-looking statements may be identified by the use of forward-looking terminology such as "may," "can," "will," "could," "should," "project," "expect," "plan," "predict," "believe," "estimate," "aim," "anticipate," "intend," "continue," "potential," "opportunity" or similar terms, variations of those terms or the negative of those terms or other variations of those terms or comparable words or expressions.

Readers are urged to carefully review and consider the various disclosures made by us in this Quarterly Report on Form 10-QSB and our Form 10-SB effective September 8, 2006, and our other filings with the U.S. Securities and Exchange Commission (the "SEC"). These reports and filings attempt to advise interested parties of the risks and factors that may affect our business, financial condition and results of operations and prospects. The forward-looking statements made in this Form 10-QSB speak only as of the date hereof and we disclaim any obligation to provide updates, revisions or amendments to any forward-looking statements to reflect changes in our expectations or future events.

### Plan of Operation

Since our formation on June 2, 2006 our purpose is to effect a business combination with an operating business which we believe has significant growth potential. We are currently considered to be a "blank check" company in as much as we have no specific business plans, no operations, revenues or employees. We currently have no definitive agreements or understanding with any prospective business combination candidates and have not targeted any business for investigation and evaluation nor are there any assurances that we will find a suitable business with which to combine. The implementation of our business objectives is wholly contingent upon a business combination and/or the successful sale of securities in the company. We intend to utilize the proceeds of any offering, any sales of equity securities or debt securities, bank and other borrowings or a combination of those sources to effect a business combination with a target business which we believe has significant growth potential. While we may, under certain circumstances, seek to effect business combinations with more than one target business, unless and until additional financing is obtained, we will not have sufficient proceeds remaining after an initial business combination to undertake additional business combinations.

As a result of our limited resources, we expect to have sufficient proceeds to effect only a single business combination. Accordingly, the prospects for our success will be entirely dependent upon the future performance of a single business. Unlike certain entities that have the resources to consummate several business combinations or entities operating in multiple industries or multiple segments of a single industry, we will not have the resources to diversify our operations or benefit from the possible spreading of risks or offsetting of losses. A target business may be dependent upon the development or market acceptance of a single or limited number of products, processes or services, in which case there will be an even higher risk that the target business will not prove to be commercially viable.

Our officers are only required to devote a small portion of their time (less than 10%) to our affairs on a part-time or as-needed basis. We expect to use outside consultants, advisors, attorneys and accountants as necessary, none of which will be hired on a retainer basis. We do not anticipate hiring any full-time employees so long as we are seeking and evaluating business opportunities.

We expect our present management to play no managerial role in the Company following a business combination. Although we intend to scrutinize closely the management of a prospective target business in connection with our evaluation of a business combination with a target business, our assessment of management may be incorrect. We cannot assure you that we will find a suitable business with which to combine.

#### Continuing Operational Expenses for the three months ended March 31, 2007

Because we currently do not have any business operations, we have not had any revenues during the three months ended March 31, 2007. Total expenses for the three months ended March 31, 2007 were \$2,076. These expenses were constituted by professional, printing, and filing fees.

#### Continuing Operational Expenses for the nine months ended March 31, 2007

Because we currently do not have any business operations, we have not had any revenues during the nine months ended March 31, 2007. Total expenses for the nine months ended March 31, 2007 were \$21,176. These expenses were constituted by professional, printing, and filing fees.

#### Continuing Operational Expenses for the period from June 2, 2006 (Date of Inception) to March 31, 2007

Because we currently do not have any business operations, we have not had any revenues during the period from June 2, 2006 to March 31, 2007. Total expenses for this period were \$39,659. These expenses were constituted by professional, printing, and filing fees.

#### Liquidity and Capital Resources

The Company does not have any revenues from any operations absent a merger or other combination with an operating company, and no assurance can be given that such a merger or other combination will occur or that the Company can engage in any public or private sales of the Company's equity or debt securities to raise working capital. The Company is dependent upon future loans from its present stockholders or management and there can be no assurances that its present stockholders or management will make any loans to the Company. At March 31, 2007, the Company had cash of \$16,663 and working capital of \$13,091.

The Company's present material commitments are professional and administrative fees and expenses associated with the preparation of its filings with the Securities and Exchange Commission and other regulatory requirements. In the event that the Company engages in any merger or other combination with an operating company, it will have additional material commitments. Although the Company from time to time may engage in discussions regarding a merger or other combination with an operating company, we cannot offer any assurances that we will engage in any merger or other combination with an operating company within the next twelve months.

#### Commitments

We do not have any commitments which are required to be disclosed in tabular form as of March 31, 2007.

#### **Item 3. Controls and Procedures.**

The Company's management evaluated, with the participation of the Company's principal executive and principal financial officer, the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of March 31, 2007. Based on this evaluation, the Company's principal executive and principal financial officer concluded that the Company's disclosure controls and procedures were effective as of March 31, 2007.

There has been no change in the Company's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the Company's fiscal quarter ended March 31, 2007, that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

## PART II - OTHER INFORMATION

- Item 1. Legal Proceedings.** None.
- Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.** None.
